Dear Resident,

Road and Pavement

You have recently received a circular from Julie Anderson.

It is unfortunate that this was circulated for a number of reasons:

- It does not discuss the alternatives.
- It does not point out that adoption will result in a substantial cost for all residents.
- It does not highlight the danger and damage to the environment that more traffic will cause.
- It is on Association notepaper but has not been seen or approved by the Committee.
- It has been circulated two weeks before a Committee meeting at which all these subjects are due to be discussed.
- It offers to return the contributions already paid upon receipt of the forms. These contributions are, of course, your money, to be returned at any time you wish and their repayment should not be linked to a vote for adoption.

In summary, the circular is misleading, does not have the approval of the Committee and is attempting to persuade you to commit yourself to a very expensive course of action without full information or consideration of the alternatives.

I strongly recommend that you throw away the forms and do not take any action until after the Committee has met on 12th July and sent a report of its discussions to all residents.

This is a major decision for all residents and it is very unfortunate that one particular course of action is being promoted in this way without discussion by, or approval of, the Committee.

Please contact me if you would like to discuss this.

Yours sincerely

A handwritten signature in cursive script that reads "Ken Pelton". The signature is written in dark ink and is positioned to the right of the typed name.
